

Budget for a visit to San Pablo reserve area

Cost for 10 people

Option 1: Visit to Huaicondo (San Pablo)

Huaicondo has a series of natural pools and falls in a mountain river in the middle of The Yungas. We depart from the big house of the San Pablo Reserve in Villa Nougues and we return to the same place. This is a 2 hours walking tour that requires certain training and good physical condition because it is in a hilly area. During the trekking we give detailed information of the flora and fauna with bird watching activities (customers are provided with binoculars and a guide of typical birds of San Javier). People can get into the natural pools and waterfalls.

It is recommended to take sunblock, repellent, comfortable clothes and shoes and a bathing suit. Bring water and fruit and/or sweets (optional) for the trekking.

Departure time 8 am, returning to the city at about 4 pm

After the walk barbecue will be served and the old house in Villa Nougues

Price: \$350 per person and barbecue and drinks are included.

Option 2: Villa Nougues and its paths. It is a 40 minutes walking tour from the big house of the Reserve San Pablo, in Villa Nougues and we will give detailed information of the area, its flora and fauna with bird watching (customers are provided with binoculars and a guide of typical birds of San Javier). It is a low demanding walk and no previous training is required.
